## MAKE LIFE BETTER WITH WINDOWS APPS

WINDOWS APPS CONNECT YOU TO THE PEOPLE, TOOLS, AND CREATIVE OUTLETS YOU NEED.

### SKYPE

Stay connected to the important people in your life anytime, anywhere. Chat and share, however you like, with audio, video, and instant messaging. And keep the conversation going, no matter what other apps you're using, by snapping the conversation to the side of your screen.

### BING APPS

From fitness to finance, sports to weather, Bing apps give you instant access to the information you want and need to make life easier. Experience truly unique features, such as the Hands-Free Cooking Mode in the Food & Drink app, which lets you progress through a recipe without ever touching your device.

### READING LIST

Save time and brain space by letting Reading List store the online content you want to check out—when you have the time. Now, you can bookmark those articles, blogs, videos, and recipes for later reference, with the peace of mind knowing they'll be there when you need them.

### MAIL

Optimized for a modern mail experience, the Mail app works great on mobile devices, is built for touch, and designed to work great for your whole life, whether that's professional or personal use, or both. To get the most out of the Mail app in Windows 8.1, pair it with Outlook.com so you can take advantage of the many tools that can help you stay productive.

### XBOX MUSIC

With a global catalog of over 33 million songs, Xbox Music lets you stream the music you love so you can rock out on your Windows 8.1 PC or tablet free. Create custom radio stations around your favorite artist or search for your favorite album and hit play. You're in complete control. And, it's the easiest way to manage music from your personal collection, including songs purchased from iTunes or other music services.

### SKYDRIVE

Forget the hassle of trying to track down that one pic from that one party. SkyDrive makes it even easier to always have your files with you, across devices and locations. Now you can create, edit, save and share files using SkyDrive in Windows 8.1 without ever worrying about running out of space or having to go on a virtual scavenger hunt.

### IE

Enjoy the best browsing experience possible with IE. Built for touch, the browser is truly beautiful. Relish in fast load times and fluid navigation that help you see the Web in a whole new way.

### APPS FOR CREATIVE EXPRESSION

Embrace your inner artist and express yourself with Windows apps. From Fresh Paint to Movie Moments, you can create, color, record, and edit; then share your creations with your favorite people.
